ELYSIAN

ELYSIAN

Elysian bridges the gap between two very different aesthetics, combining pared down modernist style with decorative sensibility. Offered in an inspirational palette of Solid and Metallic colours, Elysian is a finish driven collection designed to perform in residential, hospitality or contract settings. The collection steps beyond functionality and elevates the traditional drapery system into a high-end design statement. Every element within the collection is unmistakably Bradley.

Finials

The ingenious combination of contemporary tones with clean geometric forms captures the ethos that underlines this collection. Every finial has been designed to make a gentle yet imposing statement with shapes varying from the angular to the curvilinear.

Finials

All finials are available for both the pole and track systems. The whole offer comes in the 50mm (2") diameter with a selection available in the 30mm (1 3/16") diameter. Every finial is offered in the full palette of Solid and Metallic colours. A select few can also be finished in the stunning Satin & Gloss combination of Tone on Tone.
